

COMMEMORATIVE MEDALLION

To Mark the occasion of the 175th Anniversary of the founding of St Joseph's Catholic Church Hobart, a specially minted medallion has been struck in an antique brass finish. The front side of the medallion depicts the church as it appears today from the intersection of Macquarie and Harrington Streets, while the reverse side features a section of the blackwood timber panelling that was designed and installed in the sanctuary in 1973 by Brother Walter Nicholls CP. The design incorporates elements from the 1905 alabaster reredos, the Passionist badge, and a stylised crucifix using the crown of thorns motif.

The medallion is 51 mm diameter and weighs about 35 grams. It comes in a plush, blue velvet hinged case. The edition is anticipated to be limited to a run of no more than 200 pieces, and based on the number of orders received.

* The medallion would make an excellent gift to mark the birth, baptism etc of a relative or friend by having their name and details of the occasion engraved on the reverse side.

Price per medallion, including hinged case: \$25

Handling and registered postage for 1 to 4 medallions (to the same address): \$11.50
